Please contact me before sending your harps to this address. I may only pick up from this address once per month

Please contact me to let me know you are sending me some harps for service. Also, please fill in your contact information and list the harmonicas you are sending me at the bottom of this page and include this sheet along with the harmonicas. This is so that I can keep track of your harps while they are with me.

Use any protective method (bubble wrap, foam, etc...) around each harp and put them into a bubble wrap envelope. You can put them in a cardboard box with newspaper and that will work fine too, whatever is easiest for you.

Whether you pay extra for insurance to send them to me is up to you. I will always send them back to you with insurance so please factor that into the total cost. US residents, I recommend USPS. There is no duty on harmonicas (9205.90.1900) coming across the Canada US border. But duty is charged on other musical instruments! **So please be specific and write down the customs code 9205.90.1900.**

Some carriers (such as UPS) charge brokerage fees on items greater than \$20 of value coming into Canada please check with your carrier if you are not using USPS since I cannot afford to pay these fees and the cost will be passed on to you. Many carriers do not charge any brokerage fees.
